

'Help Holford Hall'

Holford & District's refurbished and enlarged community hall is about to become a reality. But we still need your help.

The Hall committee has successfully secured **£565,500** in grant funding from the charitable trusts listed below. **We now have sufficient funds for the main project, but will need a little more money, and some practical help, to finish off the Hall.**

We are still unsure of the start date, but it will be as soon as possible. And there have been some minor changes to the design - see picture. It should be finished in early 2019.

* We are very grateful to Holford Parish Council for £10,000 donation (to release the Viridor grant). is being funded by the people of Holford & Dodington through an increase in the Holford Council Tax precept of around £10 per household year over the next 10 years.

We accept and acknowledge some people will consider that this is sufficient support.

But we also know there are some local people, including regular hall users, in Holford and the surrounding villages, who have not yet had the opportunity to contribute, and who may wish to their support.
